MEMORANDUM

TO: Arlene Don, Tom
Larry

DATE: 3-10-89

FROM: Barbara

SUBJECT: Boys Village

Something I didn't know & thought I should share - Boys Village is somehow connected with the Philadelphia church and have been told that if income & receipts do not match by April 30th - the doors will be locked. Apparently this church has made a large loan to B.V. and hold the title to the property.

Do we need to call another meeting or let things slide for a few weeks. They recently got a large donation, so are optimistic - but certainly not out of the hole yet.
